Continuation of Substance of Interview including description of the general nature of what was discussed: A called was made to applicant's representative on 1/26/2005 to propose amendment to amend claims in order to overcome potential 112 rejection (lack of antecedent basis rejection) and applicant's representative agreed with the Examiner's proposed amendment and gave the Examiner the permission to amend the claims by Examiner's amendment in order to put the claims in condition for allowance. However, since the examiner's amendment correcting only formal matters which are identified for the first time after a reply is made to a final Office action would not require any extension fee (MPEP 706.07(f))..
